

Service Children's Progression

Creative Forces Day Webinar Recordings

The teams from FutureHY, LiNCHigher and Pathways are delighted to share webinar recordings from the SCiP (Service Children's Progression) Alliance Hub's Creative Forces Days for Primary and Secondary Schools.

The virtual events were delivered in partnership with the Yorkshire & North East and the Lincolnshire & East Midlands SCiP Alliance Hubs. These recordings are ideal for schools with children from Armed Forces families but are suitable for delivery to an entire class.

All sessions have been created by organisations working with Service Children and have been designed to raise aspirations and awareness of opportunities in Further and Higher Education.

Click the titles of the webinar to access the YouTube link.
