

Join the York & North Yorkshire Care Experienced Network

What is the Care Experienced Network?

The network was set up to provide a space in York & North Yorkshire for those who are actively engaged in working with or for care experienced young people to share best practice and discuss challenges/possible resolutions. As a collective voice, the network works together to disseminate evidence of effective regional practice to influence future policy and funding.

Objectives of the network

- To meet virtually once a term to share current and future care experienced related practice
- To devise and deliver collaborative initiatives that will meet the needs of care experienced young people in York & North Yorkshire
- To enable the effective delivery of collaborative outreach activity to all young care experienced learners
- To ensure any outreach activity is designed and delivered as a planned programme of interlocking interventions
- To promote the work of the group through active encouragement and dissemination of individual and collaborative initiatives
- To ensure educational progression opportunities, particularly to FE and HE are promoted and accessible to all care experienced young people
- To use the network email list to share research projects and other related literature and opportunities

Membership

Membership is open to anyone actively engaged in working with or for care experienced young people in York & North Yorkshire.

Meetings are convened by the Inspiring Choices programme, who are responsible for chairing the meetings and circulating informal meeting notes.

To join the network contact Inspiring Choices – inspiringchoices@yorks.ac.uk and you will be added to the mailing list.

The next meeting is Thursday 18th May 2pm – 4pm.
Minutes from our last meeting are below.
